Sponsorship Opportunities

2026—2027

Foreword

The Single Ply Roofing Association (SPRA) is the voice of the single ply roofing sector and a prominent voice within the wider flat roofing sector. Its mission is to achieve sustainable growth by raising awareness of single ply technology, its value, and ensuring that manufacturing, design and installation standards remain high.

The association's membership comprises membrane manufacturers, construction product manufacturers, distributors, and specialist single ply roofing contractors. These are the backbone of an association that works continuously to improve the quality and reputation of single ply roofing across the construction industry within the United Kingdom and beyond.

Sponsorship is vital to enable SPRA to support its members and provide real value throughout each year with events and training at no – or a highly subsidised – cost.

For 2026–2027, SPRA is delighted to offer sponsorship opportunities that generate wide brand reach and provide a strong link to the respected work of the association. Sponsorship packages are available to suit all budgets – from sponsoring an individual award or sleeves of golf balls, through to hosting the SPRA Awards Luncheon or SPRA Golf evening dinner, both of which are attended by hundreds of members and their guests.

The core sponsorship opportunity is annual SPRA Event Partnership for the period beginning Wednesday 01 April 2026 and ending Wednesday 31 March 2027. This is highly sought after because of the extensive exposure enjoyed by Event Partners throughout the twelve-month period. The number of SPRA Event Partnership packages is limited to ten.

The following pages provide full details of all SPRA sponsorship opportunities available. There is something for every member who wants to make a valued contribution to support the work of the association. Each sponsorship package will be awarded on a first-come, first-served basis.

Finally, we would like to thank all sponsors for their support throughout the 2025–2026 period. Hopefully you have benefitted from your association with SPRA and will continue to do so if you purchase a SPRA sponsorship package for the coming year.

To prospective new sponsors, we look forward to discussing any of the enclosed opportunities with you.

Dr Ronan Brunton BSc MBA GMIIC

Chief Executive Officer
